

# GRO-HI

God's Return on His Investment

Session 19

Mar 11, 2026

Expect a return

## **What this means for us**

Our lives are brief and fragile compared to God's eternity, which is why Scripture urges us to number our days and use our time wisely.

Because God already sees the whole of our life, we can trust Him when we don't understand delays, detours, or unanswered questions.

A helpful way to think of it is we move through moments one by one, but God lovingly sees and holds the entire "story" of our life and history at once.

Psalm 31:15

Ephesians 5:15–16

# Homework
